### Sites of Difficulty

The use of TTL's at or near roundabouts, signals, pelican crossings, level crossings and sites of Special Engineering Difficulty requires consultation with PCC and police even for Minor Works.  
See page 56 "Safety at Street Works Code of Practice" and 6.0 Guidance Note for Traffic Lights.

### Extension of Works

#### **STANDARD AND MAJOR WORKS**

If it is likely that works will overrun the estimated completion date and TTL are still required, details must be faxed using TTL/2 form to the Street Works Section at least 48 hrs before the said date.
